Dear Claremont Colleges Student:

Congratulations and welcome to The Claremont Colleges (TCC) and your Student Health Services!

Attached is your **Entrance Personal Health History/Medical Examination Report Form.**
This form provides your history of previous medical care from your private health care provider and is the basis for your continuing medical care in college. Completion in full regardless of your status (i.e. part-time, exchange, or transfer student) is required for registration at any of The Claremont Colleges.

Please complete pages one and two yourself. Pages three through five are to be completed by your private health care provider. Please note that **required** immunizations and screening include:

- Measles, Mumps, and Rubella (MMR)—two doses required
- Tetanus/Diphtheria—booster within the last 10 years
- Tuberculosis screening questionnaire (TB skin test, CXR, or Quantiferon blood test to be performed, if indicated)
- Meningococcal Tetravalent (Booster dose at age 16+)

Immunization records are required to prevent outbreaks of disease on campus as well as to help recognize students who are at risk should a disease outbreak occur. If you cannot locate your immunization records, you have two options:

- You can be re-immunized.
- You can have a blood test to determine immunity. If the blood test indicates that you are not immune to Measles, Mumps, and Rubella you will have to be re-immunized.

Once your form has been completed, mail or e-mail it directly to Student Health Services (shsrecords@cuc.claremont.edu).

All students are required to carry major medical insurance to provide supplemental coverage in the event of an acute injury or illness requiring hospitalization. A Student Health Insurance Plan (SHIP) is available to students attending TCC. Proof of insurance is required at all undergrad colleges and for all grad and undergrad International Students. The Claremont Colleges Insurance plan is required for all International Students. Please contact your Dean of Students’ Office for brochures and plan information.

The staff at Student Health Services looks forward to assisting you with your health care needs while you are at The Claremont Colleges. Our website, [www.cuc.claremont.edu/shs/](http://www.cuc.claremont.edu/shs/), has more information about our services.

Thank you for your cooperation. Your compliance helps protect the health of the entire campus community.

Sincerely,

Jennie Ho, MD
Director, Student Health Services
